We always listen to all needs to personalize our products. Our philosophy is the fact that we blend and maintain the quality of old craftsmanship with a modern and creative approach for many years. Although the process methods have changed and developed according to the past, our love for this valuable material has remained unchanged from the past to the present and this passion has enabled us to enrich the wood products we produce. The roots of our company are proof of the values that characterize our products and the way we work. This adventure, which we started with a small workshop in 1963, has led our company to establish a boutique Laminate flooring production facilities in 2018 with its experience and knowledge gained through the production of wooden parquet for many years. We produce safe and durable wooden floors and take care not to harm the nature. Wooden floors are our passion, our philosophy is the high quality of our work. We are trying to design the colors and textures that protect the original smell and feel of the wood. We prefer raw materials produced from recyclable forests to produce such valuable products for our customers.

Herringbone

8mm X 140 mm X 595 mm AC.4 4V

Aston Louis Herringbone laminate flooring is designed to give the same effect as real solid wood flooring. Aston Louis Herringbone Laminate flooring has a modern structure that makes it striking, unique and remarkable than standard and flat laminate flooring. The Aston Louis Herringbone laminate collection is alternative Herringbone engineering floor collection. It has AC4 commercial classes, so it can be used in truly demanding and commercial buildings, and is more than suitable for any home. Ideal for a lounge, kitchen, dining room or hallway. Especially Herringbone Laminate flooring decors are surely will create a chat environment
